

Erasmus+

20.1.2023

Dance practise

8.45-9.40

Our day started with prom dance practise where we Finns first showed how to do the dances and then the Italians came along.

The Italians learned the dances very quickly and some of the boys danced even later that day in the bus.

Ice skating

9.40-11.10

We were supposed to only finish up our business ideas. But then our plans changed, and we decided to try a little bit of ice skating.

Our teacher showed some basics, for example how to pick up pace and how to brake.

The Finnish guys showed some of their skills and the Italians did well to.

Sales pitches with local entrepreneurs

11.50-14.30

The day earlier we planned our business ideas with the help of entrepreneur coordinator Annika.

Then on Friday, in our school's gym, we introduced our business ideas to six local entrepreneurs, and they gave us tips for business.

Every one of the entrepreneurs gave us useful tips about different subjects, such as funding and image.

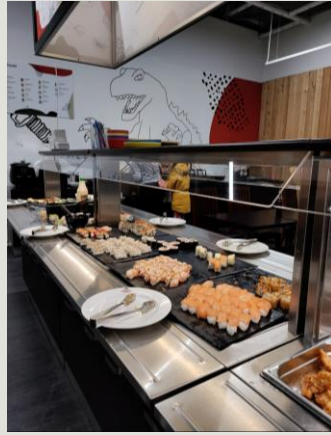

Kehurinki Praise circle

14.00

After the pitches, we started with getting into a circle with a white t-shirt and a marker. After everyone had written their names on the shirts, we started to go around and write nice things about everyone in English, Finnish or in Italian on other's shirts. So now we have something concrete to remember this week by!

Trip to Ideapark

15.30-20.00

Our guests wanted to buy some homecoming gifts before they leave for Italy, so our teachers ordered a bus for us, and we went to a shopping centre called Ideapark, in a nearby city called Seinäjoki.

Everyone seemed to have a good time and enjoyed themselves, visiting different shops and eating good food.

So, we had a really good day, full of different, enjoyable activities!
