

Erasmus+

Erasmus+

Feeding the entrepreneur inside you

Thursday

Made by Jere & Mikael

We started the day by learning how to set up our own fictional company and divided the tasks between the company founders.

In the afternoon, some of the Erasmus students visited Ojala farm and some visited Mäkelä stables to try horse riding.

At the end of the day, we went to Ylipää to try skiing and sledding, as well as sausage grilling.

It was another fun day full of experiences and activities!
